My personal skillset is visualized and divided in my three primary disciplines.  
 Examples of my work are available upon request, as well as on my portfolio  
 at [tamtubui.net](http://tamtubui.net)

## ART & ILLUSTRATION

Art is and always will be my first love. Being able to seamlessly combine it with my interests is the main career goal.

Heavily influenced by comic books and videogame concept art by many different artists, I'm constantly in pursuit to further advance my skills with each project.

 **CHARACTER / CONCEPT**  
 Sketching ideas as you go

Progress bar: 100%

 **DIGITAL COLORING**  
 Additional to character design

Progress bar: 100%

### SKILL HIGHLIGHTS

- Merchandise Limit Break Radio
- Mascotte design VirtualServers.nl
- Mascotte concept Parry International

## DESIGN

Technology has made it possible for me to translate my art into something more with the addition of digital design.

Base knowledge of webdesign evolved the focus to other aspects, such as interface design and creating digital art assets for software.

 **PHOTOSHOP**  
 All digital designwork done in PS

Progress bar: 100%
